VELKOMIN Á OPNUN þriðjudaginn 25. mars kl. 17.00

Hönnunarverkefnið **AUSTURLAND: INNBLÁSTURSGLÓÐ**, snýst um að rannsaka möguleika til smáframleiðslu á Austurlandi. Afurðirnar voru þróaðar haustið 2013 af hönnuðunum **Max Lamb**, **Þórunni Árnadóttur**, **Juliu Lohmann** og **Gero Grundmann** í samstarfi við aðila á Austurlandi.

*The project explores the possibilities for small-scale design and production in East Iceland, using locally sourced materials and skills. The exhibited work was created following a series of workshops that took place in Autumn 2013 featuring the designers **Max Lamb**, **Þórunn Árnadóttir**, **Julia Lohmann** and **Gero Grundmann** collaborating with local practitioners in Egilsstaðir, Djúpivogur, Eskifjörður, Vopnafjörður and Norðfjörður.*

The project was instigated by Peter Collard and Karna Sigurðardóttir
